

AN INTUITIVE EVENING

with
Mariah

Live Readings, Powerful Perspective, and Transformative True Story

Hosted by,
Mariah Michele Acree

[Intuitive](#), Spiritual Coach, Founder & Facilitator of the [Inner Freedom Shift™](#)

Event Description: An in-person event that brings together live, in-the-moment intuitive readings, and the most powerful, transformative perspectives from my workshop, [Beyond The Inner Battle: 2 Keys to Inner Freedom](#). Through storytelling and inquiry, I'll share what took me years to uncover about why the inner battle of overthinking, self-judgment, and inner conflict persists, offer two key perspectives & practices to begin shifting into inner freedom, and point attendees to the power of Presence. Then, in real time, they'll witness me tap into that Presence as I offer live, one-question intuitive readings to members of the audience. This isn't a lecture to sit through. It's an evening to experience directly, and walk away from impacted and inspired.

What attendees walk away with:

- A transformative perspective that answers "Why am I still caught in this inner battle?", one that gets to the root of overthinking, self-judgment, and inner conflict
- 2 keys (awareness-based practices) that can be applied immediately to begin shifting toward inner freedom
- The experience of witnessing live, real intuitive readings, and the chance to receive one themselves.

"You have such an incredible ability that is beyond words. You touched every single person in that room tonight."

— *Cynthia L., who received a complimentary reading at the pilot event that shaped this format*

Run Time: Approximately 135-145 minutes, to account for a brief introduction, and intermission between talk & readings, and some wiggle room.

- Talk: Approx. 30-35 minutes
- Live readings: Approx. 60-75 minutes

What I Provide: Everything needed to deliver a complete experience for your community. I handle it all, from content to promotion materials, including:

- Full facilitation of the evening, including the talk and live readings
- A clear, informed consent process for attendees, communicated in event materials and reinforced verbally before any reading, so your community knows what to expect

- Ready-to-use promotional materials: flyers, social media graphics and captions, email blast blurbs, and any other assets to make spreading the word as easy as possible for you
- Suggested for promotion timeline
- A listing on the events page of my website, www.mariahmichele.com/events
- Online registration platform, if needed (use of the venue's registration platform preferred, with the venue collecting registration payments; see below for proposed split)

What I Ask From You:

- Promotion leading up to the event: turning out your community to fill the room is your part of this collaboration, done by actively sharing the materials I provide across your channels and inviting your network in the weeks beforehand
- A space with seating and a bathroom for attendees

Pricing & Collaboration: I believe the best collaborations are ones where both sides are equally invested, which is why I propose a 50/50 split of registration proceeds rather than a flat fee. I create all promotional materials and fully facilitate the event; in exchange, actively promoting the event to fill the room is what you bring to the table. Neither side succeeds without the other showing up fully. I'm open to discussing what makes the most sense for your specific venue and community. Registration pricing typically ranges from \$30 to \$55, depending on what feels most accessible and appropriate for your community. If you're interested in bringing An Intuitive Evening with Mariah to your community, I'd love to connect by phone or Zoom to discuss further. Thank you for your consideration!

Please Note: A limited number of live readings (6 - 8 attendees, approx. 7-10 minute readings) will be offered during this event (I.E, it's likely that not every attendee will receive one); all attendees will benefit from the talk and from witnessing the readings given. Though this is not the focus of the event, attendees will be informed about my 1:1 offerings, including intuitive readings and coaching. This event is educational and exploratory, offered through an awareness-based, coaching, and spiritual lens by Mariah Michele Acree, a certified non-clinical spiritual counselor. It is not therapy, clinical treatment, or a substitute for mental health or medical care, and Mariah is not a therapist. Readings are for entertainment and personal reflection purposes only, are not fortune-telling, and nothing shared is guaranteed or set in stone. Readings may touch on emotionally deep or vulnerable themes, in front of the group; attendees are encouraged to consider this before choosing to receive a reading. Attendees are encouraged to bring any information received to their own discernment, take what resonates, and leave what doesn't. By electing to receive a reading, attendees assume full responsibility for any actions taken in relation to information received. Anyone experiencing a mental health challenge or crisis should reach out to a licensed professional or the 988 Suicide & Crisis Lifeline (call or text 988) for support.

About Mariah Michele Acree: Mariah Michele Acree is an Intuitive, Spiritual Coach, Creative, and the Founder and Facilitator of The Inner Freedom Shift. She holds a non-clinical certification as a Medium and Spiritual Counselor from Delphi University of Spiritual Studies (Arthur Ford International Academy of Mediumship), and has offered intuitive readings for almost 11 years. Her work is the result of a lifelong journey, spanning spontaneous spiritual experiences, deep psychological exploration, healing across many modalities, and immersive study of spiritual traditions, philosophies, and anthropology. At the center of it was a search for peace and Truth, not as ideas, but as direct, felt experience. Forgiveness, in its deepest sense, is what opened that door, and it remains the heart of The Inner Freedom Shift: recognizing one's true presence through willingness, honesty, awareness, inquiry, and forgiveness. Today, that same work continues through The Inner Freedom Shift program, her workshops, and creative pursuits including writing, music, acting, and art.
